PARTICIPATION

AS A MEMBER of a cooperative association you are expected to participate in club activities and operations, including sailing and social activities of course, but also boat maintenance, management, and administration of SGI Sail itself. The "sweat equity" contribution from each member is a minimum of 52 hours per year. This keeps our costs down and keeps the boats in good condition. Most members will contribute more, mostly because it's fun!

WHAT SKILLS OR KNOWLEDGE do you have that you can contribute?

ARE YOU INTERESTED in participating in activities such as boat maintenance, organizing social activities, administration, communications, health & safety?

HOW DID YOU HEAR about SGI Sail?

IS THERE ANYTHING ELSE that might support your membership application?

FEES

ANNUAL FEE: \$1200

When renewing, your annual fee is due by January 1.

Privacy policy: All personal information, except your name, collected by SGI Sail will be used for internal purposes only and will not be shared.

Cancellation policy for new memberships: On written application to the Secretary and/or President, full refund within 48 hours, 50% refund within two weeks.

AGREEMENT

I certify that the information provided is true and correct.
